

## Spring 2025

Hello Garden Club Members,

*Spring arrives on March 20th and as you can see, I can't wait! It's been a very cold winter with occasional light snowfall so I'm really looking forward to our beautiful Cape to start warming up and giving us a glimpse of the beauty to come! But first, we are fortunate enough to be part of the WDGC and can learn and share experiences living and gardening on the Cape!*

*On March 4, we will have a speaker from Cape Abilities, a wonderful farm that creates an inclusive community for people of all abilities. They also share the produce with families and individuals that are facing food insecurity. It is a very productive farm and should be a compelling presentation!*

*On April 1st, we'll have a hands-on creative experience by designing and decorating gift baskets to raffle off at our Plant Sale in May and will also have brief creative presentation. All novel ideas and contributions are welcome! We will also be discussing the May 17th Plant Sale...a wonderful opportunity to volunteer and raise money for our scholarships!*

*On May 7th, we won't be having our regular meeting but are planning a bus trip to the Isabella Stewart Gardner Museum in Boston. The cost is \$80 and includes the bus fare and admission. The museum's always blooming Courtyard is stunning to see from orchids to hanging nasturtiums depending on the time of year. The art galleries show Isabella's love for art. Tickets will be sold on a first come first served basis.*

*May 17th - Plant Sale at DCAL. See you all there!*

*June 3rd we will have our annual luncheon and meeting at Anne Cave's home.*

*Always a delightful time when George Bovino and his committee present our new scholarship winners. We will also vote to fill any vacancies on the Board! We welcome any questions about serving on the board from our Garden Club members!!*

*P.S. Don't forget to clean and sharpen your garden tools for a busy Spring and Summer!*

Take care,

Peggy Gillis, Past President
